August 1st, 2021

Dear President & Board Members of Detroit Malayalee Association,

Greetings from FOMAA.

As the COVID pandemic raged through Kerala and other Indian States in April and May of 2021, it left health facilities frantically struggling for life saving equipment and oxygen, and people fighting for their precious life. FOMAA National committee recognized this dire situation in Kerala and took quick action to provide critical support to save the lives of people gasping for breath.

The "Ottakkalika Oppamundu" project initiated by FOMAA was immediately supported by FOMAA Family comprising its affiliated organizations. As your organization and you are an integral part of the FOMAA Family that responded immediately to this crisis and made these efforts successful, FOMAA executive committee and all its governing members extend our humble gratitude to you. You have been the very pillars in FOMAA's attempt to give lives, and you have consistently supported FOMAA with your persistence and generosity. Your determination to face the crisis and to do the best in this crisis situation is highly appreciated by FOMAA.

I thank to your coordinated attempt, in the first phase FOMAA was able to provide 10 ventilators and pulse oximeters to ten districts in Kerala. During the second phase, in collaboration with Adventist Development and Relief Agency (ADRA), FOMAA provided 3 ventilators, 1800 full body suit coveralls, 2800 unit PPE kits, 180 unit respiratory circuit, 570 unit respiratory HMEF, 2432 unit face shield, 750 unit surgical gloves and 500 unit nasal cannula to the districts. The third phase of equipment with ventilators will be transported between August 8 and 15, 2021. Behind each dollar contributed to FOMAA is your hard work and dedication. Together we save hundreds of lives.

The \$5000 that was generously donated by Detroit Malayalee Association was used for the ventilator in Vadakara tank hospital.

FOMAA executive committee and all national committee members thank you for coming together on this life saving mission. Together we can support one another.

With immense gratitude to your noble deed,

Sincerely regards
T Umikrishnan
General Secretary, FOMAA
